Bianchi

ENGINEERED WITH

ONE TECHNOLOGY TUNED FOR EVERY NEED

BIANCHI CV INTEGRATED VIBRATION CANCELLING SYSTEM

Bianchi collaborated with **Materials Sciences Corporation** to develop our innovative and exclusive use of the MSC's patented **Countervail®** integrated vibration cancelling system for cycling. Countervail® is a patented carbon material with a unique fiber architecture and viscoelastic resin that cancels **80%** of vibrations while increasing the stiffness and strenght of our carbon frames and forks. Countervail® is embedded within the layup of **Bianchi CV** high-performance models.

PROVEN IN NASA AEROSPACE OPERATIONS

Traditional passive damping in frames using superficial rubber inserts and isolators are marginally effective compared to the integrated carbon Countervail® system developed by Bianchi for cycling and proven in the extreme conditions of **NASA** aerospace operations.

Bikes with this technology:

TAILOR-MADE PROGRAM

AVAILABLE FOR **OLTRE XR4, XR4 DISC, SPECIALISSIMA**
AND NOW **AQUILA CV.**

Bianchi Tavolozza is the exclusive web color configurator available for Bianchi CV models engineered with Countervail vibration cancelling technology. All frames personalized with Tavolozza color configurator, including graphics and logos, are hand-painted and decaled in Italy by expert craftsmen, combining Bianchi's timeless skills of tailoring together with advanced technologies.

USER-FRIENDLY AND CREATIVE TAILOR-MADE PROGRAM

By entering **www.bianchi.com/tavolozza**, you can easily design your own project in a few clicks, meeting any wish. Tavolozza offers an infinity of possible combinations.

FAST AND SOCIAL

After creating the ideal layout for your frame, you can save and download the project, identified by a unique code. Thanks to the online dealer locator, you can find the nearest Bianchi authorized dealer where to order the custom-painted bike.

Tavolozza also gives you the opportunity to immediately share your own project on Facebook.

RACING

Ride beyond limits. The Racing category includes extreme racing performance carbon frames, optimized to achieve the most efficient power transmission with the best rigidity to weight ratio. The ideal bikes for the most expert riders.

ALL ROAD

These bikes are designed for those who have changed the road racing mentality into something different. The ALL ROAD is a mountain bike, a road bike, a cyclo-cross and a trekking bike all-in-one. The ALL ROAD bikes can be used in a Marathon event but also will take you out to explore the raw finish roads.
