VIBRATION CANCELLING COMPOSITE TECHNOLOGY

Bianchi's integrated vibration cancelling system for cycling, with innovative and exclusive use of MSC's patented CounterVail® material.

Bikes with this technology:
Oltre XR4, Specialissima, Infinito CV, Aquila CV

BIANCHI CV INTEGRATED VIBRATION CANCELLING SYSTEM

Bianchi collaborated with Materials Sciences Corporations to develop our innovative and exclusive use of the MSC's patented CounterVail® integrated vibration cancelling system for cycling. CounterVail® is a patented viscoelastic carbon material with a unique fiber architecture that cancels up to 80% of vibrations while increasing the stiffness and strength of our carbon frames and forks. CounterVail is embedded within the entire frame and fork of Bianchi CV high-performance road models: Oltre XR4, Specialissima, Infinito CV and Aquila CV.

PROVEN IN NASA AEROSPACE OPERATIONS

Traditional passive damping in frames using superficial rubber inserts and isolators are marginally effective compared to the integrated carbon CounterVail® system developed by Bianchi for cycling and proven in the extreme conditions of NASA aerospace operations.

ONE TECHNOLOGY TUNED FOR EVERY NEED

Specialissima

**PURE POWER
AND CONTROL**

ROAD / RACING

Infinito CV

**LESS FATIGUE

MORE CONTROL**

ROAD / TIME TRIAL & TRIATHLON

TRIPLE HYDROFORMED TECHNOLOGY

- / Hydroforming process of the top and head tubes
- / Top and head tubes are welded and then fused together into a monocoque structure
- / Final hydroforming process

Bikes with this technology:
Impulso

▲BAT▼ K-VID

- / To obtain different stiffness behaviour under different directional forces, without wasting power transfer.
- / Special lay-up and different material combination (CARBON - KEVLAR)
- / Special design

Bikes with this technology:
Infinito CV (only BAT), **Intenso**, **Impulso**, **Via Nirone 7**

UTSS ULTRA THIN SEAT STAY

- / Improved shock absorption and impact resistance
- / Reduced frame weight
- / Power transmission is now focused through the chain stays, leaving the seat stays as a compliant support structure

Bikes with this technology:
Oltre XR1, **Sempre**

DISC BRAKE

Bianchi introduces new QR thru axle for road bikes (only 31gr weight). Both Infinito CV and Intenso endurance carbon bikes feature a 12mm x 100/135mm thru axle with QR system removable.

Bike with this technology:
Infinito CV Disc; **Intenso Disc**

RACING

RIDE BEYOND LIMITS. THE RACING CATEGORY INCLUDES EXTREME RACING PERFORMANCE CARBON FRAMES, OPTIMIZED TO ACHIEVE THE MOST EFFICIENT POWER TRANSMISSION WITH THE BEST RIGIDITY TO WEIGHT RATIO. THE IDEAL BIKES FOR THE MOST EXPERT RIDERS.

/ PAG 4 TO 7
